

TWO CIRCUS PERFORMERS ARE INJURED

Morrow Declaration Causes Sensation

AMBASSADOR IN FAVOR OF DRY REPEAL

Capitol Hill Stirred Beyond
Expectations—Wet Party
Also Shocked.

BULLETIN
WASHINGTON, May 16—The ringing declaration of Dwight W. Morrow in opening his campaign for the Republican nomination for Senator of New Jersey was the political sensation of the capitol today.

While it was well known that Morrow would adopt a liberal stand in his campaign, even the wets were hardly prepared for such a strong attack upon the eighteenth amendment.

In declaring for repeal of the eighteenth amendment, with federal activities limited to preventing shipment of liquor into states that want to remain dry, Morrow takes the same stand as P. S. Dupont, Henry H. Curran, John J. Raskob and other leaders of the association against the prohibition amendment.

NEWARK, N. J., May 16.—Dwight W. Morrow, Ambassador to Mexico, business man, and father-in-law of Colonel Charles A. Lindbergh, today embarked on what may or may not be a national political career with a specific declaration of his stand on prohibition behind him.

In his baptismal campaign speech for the Republican nomination for U. S. Senator from New Jersey, Morrow called for the repeal of the Eighteenth amendment and the return of the control of liquor traffic to the individual states.

He declared he advocated generous congressional appropriations for the prohibition amendment and the statutes thereunder as long as they are the law of the land. However, the Ambassador recommended that such appropriations should be spent in preventing interstate liquor traffic and importation of liquor and that local police duties should be left to the states.

CONDITIONS DEPLORABLE
Morrow asserted that conditions were "deplorable" after 10 years of Federal prohibition administration. He said that the question was a problem of government rather than one of moral principles.

While taking a definite stand against the return of the saloon, Morrow demanded the revocation of the Eighteenth amendment and the substitution of a new amendment "which will restore to the states the power to determine their policy toward the liquor traffic." He expressed his earnest belief that amendment to the Volstead act could not provide a solution.

Morrow's direct statement for prohibition repeal came after the New Jersey Anti-Saloon League had issued a warning that if the Ambassador came out as a wet they would support a dry candidate in the Republican primary election on June 17.

It was predicted today by political observers that Representative Franklin W. Fort of East Orange would soon enter the contest as a dry. Fort had recently stated that his plans depended on the prohibition stand Morrow might take on his first public utterance.

Morrow's political manifesto calling for state control of liquor differs sharply from the wet platform announced by his leading opponent, former Senator Joseph S. Frelinghuysen. The latter, who turned wet after being a political dry for 10 years, advocated a change in the prohibition laws under some form of Federal control. He is expected to reveal details of his control plan later in the campaign.

RUMOR NEW WASH. BANK

Several Groups Surveying Situation, Rumor in That City Reports.

Well established rumors were floating through Washington C. H. Thursday that one or more groups of Dayton and Columbus bankers were in that city for the purpose of establishing a new bank in the near future.

The reports were to the effect that the bank, so established would be in the nature of a branch of one of the larger banking institutions in Ohio, and plans were being made to open it within a very short time.

Whether plans would call for ultimately taking over one of the present banks or equipment, or whether the institution would be opened up in another room, had not been announced.

State Superintendent of Banks, O. C. Gray, announced late Thursday that the Washington Savings bank had been made depository for the Ohio State bank, which was closed last Monday noon, and would also be the depository for the Peoples and Drivers bank closed more than two months ago.

SUCCESS OF TARIFF BILL IN BALANCE

Democratic-Insurgent Group
Tries To Pledge Senate To
Refuse Bill.

WASHINGTON, May 16—The fate of the year-old tariff bill was at stake today as a Democratic-Insurgent coalition sought to pledge the senate anew to repeal President Hoover's flexible tariff powers and inclusion of the debenture form of farm relief in the measure.

If the coalition wins, the tariff bill will be thrown back into a conference between the House and Senate, already deadlocked over these items. Its future then will be extremely uncertain with a strong possibility of defeat. The Republicans meanwhile will charge the coalition with killing it while the coalitionists accuse the administration of slaughtering it so the president may retain his present power of raising and lowering tariff duties.

DEADLOCK PREVAILS

House and Senate have been deadlocked on these two issues from the start of the tariff wars. The House on two occasions rejected the debenture and voted to continue the president's present flexible powers. On a like number of occasions, during the present skirmish, the Senate has adopted the debenture and repealed the flexible provision. The tariff conference has never even debated these items officially, since the house members have refused to yield and the Senate's members had instructions not to discuss arbitrating them.

All talk of the administration leaders has been toward having the senate yield. This has angered coalition leaders, who argue the house should yield, since the administration controls it. There has been much talk of abandoning the debenture—all without the assent of the coalition—and similarly talk of compromising the flexible dispute—likewise without the assent of the coalition. The administration now faces the test of getting that assent, surrendering to the coalition by reversing the house's attitude or abandoning the bill.

STEADY RAIN DESCENDS UPON SCENE OF KENTUCKY DERBY

Barring Accidents, Gallant Fox, From Great Mud Stock, Is Expected To Dash Off With Classic of American Turf.

BY DAVID J. WALSH.
LOUISVILLE, Ky., May 16.—For three days and nights, a sincere, honest rain has thrummed a steady tempo upon the gabled roofs and porticos of the fine, old mansions of this fine, old town and, with the monotony of virtue, it seems to be beating the tune of a persistent, insistent refrain.

"I'm going to make a horse race out of a buggy ride," it seems to keep saying over and over, all day, all night, until the chapter grows insufferable and you almost want to shout your agreement, as agree you must. Rain today and tomorrow, it seems, is the only thing that can stop Gallant Fox, the Prakhness winner, from climbing right up there with the driver and going for a buggy ride with Earl Sande in the running of the great Kentucky Derby shortly before 5 o'clock, Central Standard Time, tomorrow afternoon.

It isn't that Gallant Fox is admittedly unable to run in the mud. Nobody knows whether he can or not, although many suspect that he could run with reasonable speed if the track was mulligan. But that isn't the point, as the fellow said to the flag pole sitter. Mud will decrease Gallant Fox's chances in direct ratio to the way in which it will increase those of several others, notably Tannery and Gallant Knight.

In effect, the Derby situation seems to have narrowed down to this: That a fast track or even light mud will see the Fox run over the field and go for an airing all by himself; that heavy mud is liable to level everything, much as it did last year when the better horse, Blue Larkspur, was beaten by the lesser horse, Clyde Van Dusen.

The Downs were hock-deep this morning but the weather was clearing and this fact made track conditions for the Derby a matter of speculation. Churchill Downs is an old race track but its soil could well be used on some of the more modern courses. It dries as quickly as a man coming out of a sun bath and so, in 24 hours, it can go from heavy mud to light, feathery dust. The latter, they say, would make Gallant Fox almost a kick in the ribs to win.

Of course, the colt has had a couple of gallops here in the gumbo that started to form on Tuesday night and veteran horsemen aver that, if he didn't actually revel in the stuff, he at least took to it kindly. There is no good reason why he shouldn't, his ancestry being what it is. The male parent, Sir Galahad III, comes from a family of mudders, while the Fox's dam, Marguerite, was the get of Celt and there never was better mud stock than his.

Coffers of Rossiter's Court Increased by Sum of \$233.50 Friday Morning.

The coffers of the court of Justice of the Peace Isaac Rossiter of Saltcreek-twp were increased by the sum of \$233.50 Friday when five men pleaded guilty in his court to charges of taking fish from county streams by using nets.

Each man was fined \$25 and costs on the charge and costs made the amount total \$46.70. Each paid and was freed.

The five men were arrested by State Game Protector William A. Francis, who with four assistants, has been working in Pickaway, Hocking, Ross and Fayette counties, in the interests of the state game department.

The five men were arrested on April 17 by Francis' department while they were said to have been fishing in Darby creek and using nets.

Francis announces that all through the summer he will have men patrolling the creeks of Pickaway-co. He received a commission from the State of Ohio to work in this section of the state and promises a rigid enforcement of all game laws.

Several other men have been arrested by Francis' squad and having pleaded guilty have been fined in different justice of peace court throughout this and adjoining counties.

DEATH TAKES MRS. YELDEM

Murderer of Her Seven Children, In Columbus, Dies In County Jail Today.

COLUMBUS, O., May 16.—Death early today ended the earthly sufferings and tribulations of Mrs. Ethel Yeldem who, on May 6, shot to death seven of her children and then inflicted a fatal wound below her heart.

Mrs. Yeldem died in the Women's section of the county jail where she was being held pending action by the Franklin-co grand jury. Her death occurred about 5 a. m. Jail officials announced. Reclining on a cot in the city prison hospital, Mrs. Yeldem Wednesday pleaded "not guilty" to a charge of first degree murder. Her state of mind at that time, was indicated by her statement that "nothing matters now." Following her plea, she was bound over to the grand jury and was removed to the county jail.

Darby Yeldem, colored, father of the slain children, is a prisoner in Ohio penitentiary. He was convicted on a statutory charge involving a daughter of Mrs. Yeldem by a former marriage.

Miss Fischer does not restrict her interests to those of scholarship above. She participates in all the high school activities. 90 WOUNDED BY OFFICERS

Situation Is Serious Although Reports From Government Are Meager.

BOMBAY, May 16.—Ninety persons were wounded at Mymensingh, Bengal, today when police fired several volleys into a crowd of rioters who attempted to obstruct the passage of a cart loaded with government liquor intended to be distributed among the vendors of the town.

Liquor is one of the items against which a strict boycott is being maintained by Indian Nationalists. These reports said the government was considering opening negotiation shortly with Mahatma Gandhi, Indian Nationalist leader, now in jail, looking to a settlement of the political situation in India.

Simultaneous with the circulation of reports, an exchange telegraph dispatch from Bombay said the Nationalist congress headquarters at Bombay had extended a general invitation to volunteers to participate in a raid on the government-controlled salt works at Wadala, on Sunday.

GIRL FALLS 30 FEET, SUFFERS BROKEN SKULL

In Serious Condition in Zanesville—Gregg Has Right Arm Burned.

Miss Mickle King, 21, one of the star performers of the Robbins Bros. circus which showed at Mason's field Thursday afternoon and evening, is in a critical condition in Zanesville suffering a fractured skull and possibly serious internal injuries following a fall from 30-man rings at a height of 30 feet during the circus performance Thursday evening. Miss King was in the center ring and was the chief attraction of the show when, upon going through preliminary to her feature stunt, her feet slipped as they went through the rings and she catapulted to the hard wood platform 30 feet below.

CROWD ASTOUNDED

Her fall dumfounded the large crowd which was watching her. Some thought it was just a bluff to create more excitement, but when the pretty blond girl lay as though dead on the hard wood, and ring attendants rushed to her rescue and hurried to a dressing room in the rear of the show lot, spectators realized the seriousness of her accident.

Dr. D. V. Courtwright was called, who examined her. Miss King was unconscious while in the dressing room for about 15 minutes. She was taken to her railroad car by the Albough Co. ambulance and while enroute to Zanesville late Thursday night was reported unconscious for about one hour. She has not been placed in a hospital there.

The Concello Aerial act of which she was a member was immediately halted.

Miss King is a sister to Antoinette, Concello leader of the Concello Aerial circus, and is reputed among circus folk as being one of the best young aerialists in the game.

Miss King's injury, however, was not the only one which occurred during the evening's entertainment.

GREGG IS HURT

Arthur Gregg, a veteran member of the Robbins Show, who does the sensational act of being shot from a cannon, is suffering from serious and painful burns on his right arm between the elbow and the fingertips caused by a premature explosion which he was preparing for his act Thursday evening.

Gregg had fixed the powder charge and was awaiting his turn to go in the ring when, it is said, some member of the show touched the switch, accidentally, causing the powder to be exploded. Gregg took part of the charge on his right arm, and according to reports from Zanesville early Friday, may lose the arm.

It is very doubtful whether the Robbins Bros. show will ever return to this city, which appears to be more or less a flint.

The evening performance of the show was very largely attended although the afternoon show attracted only a small crowd, largely due to impending rains.

TWO CIRCUS PERFORMERS ARE INJURED Morrow Declaration Causes Sensation

AMBASSADOR IN FAVOR OF DRY REPEAL

Capitol Hill Stirred Beyond
Expectations—Wet Party
Also Shocked.

BULLETIN
WASHINGTON, May 16—The ringing wet declaration of Dwight W. Morrow in opening his campaign for the Republican nomination for Senator of New Jersey was the political sensation of the capital today.

While it was well known that Morrow would adopt a liberal stand in his campaign, even the wets were hardly prepared for such a strong attack upon the eighteenth amendment.

In declaring for repeal of the eighteenth amendment, with federal activities limited to preventing shipment of liquor into states that want to remain dry, Morrow takes the same stand as P. S. Dupont, Henry H. Curran, John J. Raskob and other leaders of the association against the prohibition amendment.

NEWARK, N. J., May 16.—Dwight W. Morrow, Ambassador to Mexico, business man, and father-in-law of Colonel Charles A. Lindbergh, today embarked on what may or may not be a national political career with a specific declaration of his stand on prohibition behind him.

In his baptismal campaign speech for the Republican nomination for U. S. Senator from New Jersey, Morrow called for the repeal of the Eighteenth amendment and the return of the control of liquor traffic to the individual states.

He declared he advocated generous congressional appropriations for the prohibition amendment and the statutes thereunder as long as they are the law of the land. However, the Ambassador recommended that such appropriations should be spent in preventing interstate liquor traffic and importation of liquor and that local police duties should be left to the states.

CONDITIONS DEPLORABLE
Morrow asserted that conditions were "deplorable" after 10 years of Federal prohibition administration. He said that the question was a problem of government rather than one of moral principles.

While taking a definite stand against the return of the saloon, Morrow demanded the revocation of the Eighteenth amendment and the substitution of a new amendment "which will restore to the states the power to determine their policy toward the liquor traffic." He expressed his earnest belief that amendment to the Volstead act could not provide a solution.

Morrow's direct statement for prohibition repeal came after the New Jersey Anti-Saloon League had issued a warning that if the Ambassador came out as a wet they would support a dry candidate in the Republican primary election on June 17.

It was predicted today by political observers that Representative Franklin W. Fort of East Orange would soon enter the contest as a dry. Fort had recently stated that his plans depended on the prohibition stand Morrow might take on his first public utterance.

Morrow's political manifesto calling for state control of liquor differs sharply from the wet platform announced by his leading opponent, former Senator Joseph S. Frelinghuysen. The latter, who turned wet after being a political dry for 10 years, advocated a change in the prohibition laws under some form of Federal control. He is expected to reveal details of his control plan later in the campaign.

RUMOR NEW WASH. BANK

Several Groups Surveying Situation, Rumor In That City Reports.

Well established rumors were floating through Washington C. H. Thursday that one or more groups of Dayton and Columbus bankers were in that city for the purpose of establishing a new bank in the near future.

Whether plans would call for ultimately taking over one of the present banks or equipment, or whether the institution would be opened up in another room, had not been announced.

Ford Magnate's Town Increases 1,000 Per Cent

DEARBORN, Mich., May 16.—An increase in population of 1,000 per cent over the 1920 figures has been shown for the city of Dearborn, home of Henry Ford, automobile manufacturer, by the recent census. The figures were made public today by H. W. Klamser, supervisor for the district. Dearborn total population is 50,000 as compared to 4,936 in 1920.

Mrs. H. E. Betz and daughter Mrs. Wayne Leist motored to Columbus Friday to visit Mrs. Betz' daughter Mrs. L. C. Flora.

Noted Pilot's New Altitude Record

Parnassus heights would seem lonely indeed to Charles Hack, noted pilot, of Indianapolis, who established a world's altitude record for light airplanes with small engines. He soared to a height of 18,200 feet in the air, beating the previous record by 250 feet.

Her fall dumfounded the large crowd which was watching her. Some thought it was just a bluff to create more excitement, but when the pretty blond girl lay as though dead on the hard wood, and ring attendants rushed to her rescue and hurried to a dressing room in the rear of the show lot, spectators realized the seriousness of her accident.

Jackson High School Pupil Sets Record

Miss Elizabeth Fischer, daughter of Mr. and Mrs. George Fischer of Jackson-tpw, is establishing a record in scholarship at the Jackson high school which promises to excel any scholastic record previously made there.

Miss Fischer is finishing her first year of high school work with an "E" record in all subjects. This means that she has secured a grade of 95, or above, in each of the four and one-half units carried. The subjects are as follows: Latin, English, Algebra, General Science, Sanitation and Hygiene, and Music.

Miss Fischer does not restrict her interests to those of scholarship above. She participates in all the high school activities. While playing her first season on the girls' basketball team this year she received honorable mention as all-county forward. She represented her school in basketball, baseball and track.

90 WOUNDED BY OFFICERS

Situation Is Serious Although
Reports From Government
Are Meager.

BOMBAY, May 16.—Ninety persons were wounded at Mymensingh, Bengal, today when police fired several volleys into a crowd of rioters who attempted to obstruct the passage of a cart loaded with government liquor intended to be distributed among the vendors of the town.

Liquor is one of the items against which a strict boycott is being maintained by Indian Nationalists.

LONDON, May 16.—With newspaper dispatches reporting fresh outbreaks of violence in India today, no confirmation could be obtained from any authoritative source of reports reaching London from Bombay that the British government might seek a compromise with Indian Nationalists elements. These reports said the government was considering opening negotiation shortly with Mahatma Gandhi, Indian Nationalist leader, now in jail, looking to a settlement of the political situation in India.

Simultaneous with the circulation of reports, an exchange telegraph dispatch from Bombay said the Nationalist congress headquarters at Bombay had extended a general invitation to volunteers to participate in a raid on the government-controlled salt works at Wadala, on Sunday.

CHURCH PAINTED

Emmitt Chapel in Pickaway-tpw is being renovated with fresh paint and repairs. This church is having the most successful year of its history. Floyd Webb of Kingston is the minister.

GIRL FALLS 30 FEET, SUFFERS BROKEN SKULL

In Serious Condition in Zanesville—Gregg Has Right Arm Burned.

Miss Mickle King, 21, one of the star performers of the Robbins Bros. circus which showed at Mason's field Thursday afternoon and evening, is in a critical condition in Zanesville suffering a fractured skull and possibly serious internal injuries following a fall from Roman rings at a height of 30 feet, during the circus' performance Thursday evening. Miss King was in the center ring and was the chief attraction of the show when, upon going through preliminaries to her feature stunt, her feet slipped as they went through the rings and she catapulted to the hard wood platform 30 feet below.

Her fall dumfounded the large crowd which was watching her. Some thought it was just a bluff to create more excitement, but when the pretty blond girl lay as though dead on the hard wood, and ring attendants rushed to her rescue and hurried to a dressing room in the rear of the show lot, spectators realized the seriousness of her accident.

Dr. D. V. Courtwright was called, who examined her. Miss King was unconscious while in the dressing room for about 15 minutes. She was taken to her railroad car by the Albaugh Co. ambulance and while enroute to Zanesville late Thursday night was reported unconscious for about one hour. She has not been placed in a hospital there.

The Concello Aerial act of which she was a member was immediately halted.

Miss King is serving her first season with the Robbins Bros. circus after working for two years on the aerials with the Sells-Floto show. Her home is Bloomington, Ill. Miss King is a sister to Antoinette Concello, leader of the Concello Aerial circus, and is reputed among circus folk as being one of the best young aerialists in the game.

Miss King's injury, however, was not the only one which occurred during the evening's entertainment.

GREGG IS HURT

Arthur Gregg, a veteran member of the Robbins Show, who does the sensational act of being shot from a cannon, is suffering from serious and painful burns on his right arm between the elbow and the fingertips caused by a premature explosion which he was preparing for his act Thursday evening.

Gregg had fixed the powder charge and was awaiting his turn to go in the ring when, it is said, some member of the show touched the switch, accidentally, causing the powder to be exploded. Gregg took part of the charge on his right arm, and according to reports from Zanesville early Friday, may lose the arm.

It is very doubtful whether the Robbins Bros. show will ever return to this city, which appears to be more or less a jinx.

The evening performance of the show was very largely attended although the afternoon show attracted only a small crowd, largely due to impending rains.

Four Airplanes Lost When Bomber Crashes Into Turf Near Honolulu.

HONOLULU, T. H., May 16—As the aftermath of the mishap of the army Keystone bombing plane, which plunged into the sea off the island of Maui, and subsequent rescue efforts of other army and Navy planes, one man was dead today and four planes were lost.

Staff Sergeant Joseph Becker, of Brooklyn, N. Y., lost his life when the bomber fell into the sea.

The planes lost, in addition to the bomber, were two single-seaters and a navy twin motor Douglas patrol. The navy plane sank as it was being towed to Pearl Harbor.

The Keystone bomber, under the command of Lieutenant T. L. Boyd, was making a training flight over the sea when an alleron broke at a height of 8,000 feet. Three of its crew jumped in parachutes but Becker, the fourth, plunged into the ocean with the plane.

Private Cowan, whose shoulder was dislocated when he jumped in a parachute, said he was riding in the forward's gunner's cockpit when he noticed the bomber leave the formation and begin nosing down.

"Lieutenant Boyd shouted to me," he said, "and I crawled out of the cockpit and back over the cat walk. The terrific air pressure blew me off the plane."

COLUMBUS HAS FOUR SUICIDES

Retired Farmer Drowns Self In Bathtub—Night Watchman Shoots Self.

COLUMBUS, O., May 16.—The fourth suicide within the past 48 hours went on record here today with the deaths of two more aged men who are alleged to have taken their own lives.

A retired farmer, John W. Riggins, aged 71, drowned himself in a bath tub at his home here last night. The man wrapped a towel about his neck with a flat iron attached to it, police said and they explained that the man had taken the action to keep his head under water.

Charles White, 69-year-old night watchman, shot himself in the temple last night and died instantly. Ill health was held responsible in both cases.

NEW YORKER HAS "HOLE-IN-ONE"

SAN FRANCISCO—M. Lee Marshall, chairman of the board of directors of the Continental Baking Corporation, New York, made a hole-in-one on the Sequoyah club links here.

DRIVE AUTO FROM BUENOS AIRES, N. Y.

NEW YORK— From Buenos Aires, Argentina, to New York, by auto!

Adam and Andrew Stoessel are receiving congratulations today for this feat. Both of these pioneer autoists departed from Buenos Aires two years ago in a Chevrolet touring car and arrived here the other day, having traversed 19,000 miles.

The Stoessels recorded about 23 miles daily during their long trip but the fact remains that they "made it."

Two years is a fairly long time

to pilot an automobile but there is plenty of reasons why this epic making journey was delayed that time, some which were: almost impassable South American fields; floods; tornadoes; tropical storms; bandits; fevers; difficulty in constructing their own roads; and the trek over the Andes ranges.

So it is evident, too, why the Stoessels considered a mile a day an accomplishment.

LAST OF LEE LINE BOATS ARE RETIRED

MEMPHIS, TENN.— The last of the Lee Line river boats has plied for the final time out of Memphis.

HANDICAPPED GIRL SETS NEW RECORD

ST. LOUIS— Airplane pilots who seek looping records should not take the trouble to stop and fill their wing tank with gasoline.

This seemed to be a fact today following an announcement here, recently that Miss Laura Ingalls, former professional dancer in New York and lately licensed pilot, lost credit for sixty-six loops when she established a world record here by performing 344 loops over Lambert Field. Miss Ingalls really made 410 loops, it was revealed, but she was deprived of credit for all of them because she paused to fill her wing tank with gasoline during her manoeuvres.

"Fifteen years ago I began to suffer with bad feet and corns, and as time went on they got from bad to worse, thus making life a misery. I was recommended to try Radox (after spending a small fortune in one cure or another. I found very great relief in a very short time. I am pleased to say that my corns, also the hard skin from the soles of my feet have disappeared, and walking, which was a torture, is now a pleasure. I can assure you that I recommended Radox to all my friends."

Mrs. L. P. W. Peterborough, England. 23rd September, 1929.

When you put your feet into a footbath containing Radox, the salts soften the hard outer layers of the corn, and the oxygen which Radox liberates enters the pores, opens them and penetrates further and further, carrying the corn-softening salts right into the heart of the corn, which is thus loosened so that it can be lifted out bodily.

Get a generous box of Radox at Hamilton & Ryan's or any drug-store in America—a 15 minute bath three or four successive nights will rid you of corns and callouses.

CUBS MISS STEP TOWARDS LOOP LEAD IN LAST FRAME

Woody English Boots Grounder To Permit Tie Then Braves Drive In Winning Markers—Washington Stops Tribe.

NEW YORK, May 16—"Is my face red?"

That may have been the question asked today by Manager Joe McCarthy of the Chicago Cubs. For those lowly Boston Braves overhauled the Bruins yesterday and won 10 to 8, after McCarthy's team had the game in the sack. The defeat prevented the Cubs from approaching within kicking distance of the New York Giants, leading the National league.

With the score 8 to 7 in the Cub's favor, thanks to a homer by Hornsby with two on, Sheriff Blake, the fifth Chicago hurler pushed to the front, took up the cudgels in the ninth, and what happened was just too bad for Blake.

Marinville walked, got to third on Sisler's single and tied it up when English booted Moore's grounder. A lone single by Welsh then galloped home two more runs. Burrell Grimes, long a jinx for the Cubs, was taken out for a pinch hitter in the ninth and got credit for the victory, although he allowed the Bruins 14 hits. The Braves only got 11.

Washington stopped the aspiring Cleveland Indians in the only other game played. Although outhitting

Rock Garden Fad Strikes Circleville

The fad for making rock gardens has hit Circleville with pleasing results. Two examples of this form of landscaping are the gardens at the home of Mr. and Mrs. Henry Mader and Mrs. Ella Hornbeck on Pinckney-st., and at the home of Mr. and Mrs. Orion King

on W. High-st.

At Mrs. King's, this week, 250 varieties of iris in thousands of blooms are making a riot of color. Her rock garden is just being started but has been laid out.

At Mader's, with a background of iris and many varieties of flowers, the rock garden has been placed with genuine artistry. In the midst is a sparkling little pool with brilliant gold fish darting beneath the waters.

No doubt there are other beautiful backyard gardens and rock gardens in town, whose beauty are admired by neighbors and friends.

DOGGY WARD'S TEAM TALLIES TWENTY HITS OFF LUTHERANS

Score Is 14-5—Brotherhood Employs Two Hurlers—Red Owens Effective With Buck Hutchinson Leading Good Defense To Aid Him.

Hammering two Lutheran Brotherhood pitchers for 20 clean hits, Doggy Ward's recreation ball team snapped out of its lethargy long enough to win a weird ball game by a 15 to 5 score. The game, played at Utilities park, Thursday evening was witnessed by a large crowd.

John Walters and Roy Dumm divided mound duties for the churchmen and each was treated with an unceremonious shellacking which continued from the first inning through the eighth innings the candidate-for-sheriff's aggregation was permitted to step to the plate.

The five runs the Brotherhood scored came in the fourth inning after two were out.

The Brotherhood threatened several times after that but twice double plays, started by Hutchinson, ended the rallies.

BEGIN IN OFFENSE

The Wardmen started the ball rolling in the initial frame, when, after Butler had gone out, Hutchinson and Geib drove triples to the outfield. Only one run was scored but this frame just gave out an indication of what was to come. And it certainly did.

Three more runs in the second, and five in the third placed the game on ice. Three more tallies crossed in the fifth frame and one in each of the sixth and the eighth made the Ward quota.

Red Owens, on the hill for the Wardmen, pitched a pretty game and was very effective, although the several times that he faltered he, with a good defense behind him, pulled out in time to prevent any damage.

Four members of the Ward team, Hutchinson, Geib, Wilson and Owens, connected for three safe blows each.

Hutchinson scored a triple and two singles, Geib connected for a triple, double and single, and the other two had three one base blows.

Carl Radcliff, Brotherhood's slugging receiver, socked out a triple and two one base hits in four times at bat.

Sherd Boyer and Cuz Dumm umpired the contest.

YOUTHFUL VET TO RIDE WITH JOHN SEYMOUR

23-Year Old Boy and Former Motorcycle Speeder Paired In Race.

INDIANAPOLIS, IND.—Joe Huff, 23-year-old Indianapolis speed veteran, will team with Johnny Seymour, former motorcycle race star, on a team of two un-named cars entered by Herman N. Gauss in the International 500-mile race for \$100,000 at the Indianapolis Motor Speedway, May 30.

Huff, who despite his youth has been whirling about speed paths for eight years, had his only ride over the Indianapolis bricks in 1927 as relief driver for Jimmie Hill.

He is a tall, slender youth with the physical appearance of Westbrook Pegler, famous sports correspondent in New York whose daily stories have entertained readers throughout the middle west.

"And I'm just as vitriolic in my racing as he is in his writing", declared Huff when reminded of the similarity of appearance.

Huff, who has had most of his racing practice on half mile bull pen tracks in the middle west has several notable 100 mile race victories to his credit. He won both the 1925 and 1926 century drives in the thumb nail dirt bowl outside

of Indianapolis. He also has started at Roby and Milwaukee.

Born in Indianapolis, Huff attended Shortridge high school.

Seymour who will carry the same stable colors as Huff is a cheerful graduate from the two wheel speed paths, over which he raced with success for many years. In other days he competed against Ralph Hepburn, motorcycle racing champion, who later turned to the way race-driver. Then the two of them were competitors in races here over the Indianapolis bricks.

"Give me the four wheel ride any day", laughs Seymour in recalling the days when he whirled about motordromes on motorcycle. "At least the pilot can sit down in a race car".

Seymour is another of the drivers who believes that the new rule demanding a riding mechanic accompany each driver in the race is a good one. "There are many times when a driver is speeding in a turn with too much maneuvering in front to permit him to take even a glance at what is going on behind", he explains, "and it is too bad to hold up a faster car. It is the clean competition that makes the race and there are few drivers who will hold it faster car if he knows one is approaching. And with the riding mechanic constantly on the alert for overtaking cars there will be no excuse for traffic jams in the coming race. It will give the faster cars a real chance to go on there, and race—and that's what the public goes to see".

Seymour and Huff will be the wheel of front wheel drive cars.

Mrs. Ruth Yount of Chicago is visiting her sister, Mrs. Harry E. Grove.

"I REGRET NOT HAVING KONJOLA LONG, LONG AGO"

Aliments Made Man Unable To Work—Gained Health and Eleven Pounds In Month.

MR. ROBERT LESLIE BOOTH.

"How I regret not knowing about Konjola long, long ago," said Mr. Robert Leslie Booth, 1469 Gladstone avenue, Cincinnati. "One year ago I had to quit work because of my health. I had indigestion, kidney and liver trouble, and rheumatism. My weight dropped from 145 to 126 pounds. Neuritis in my back caused awful misery, and the rheumatism attacked my ankles, feet and toes. All medicines I tried failed, and I was worried and discouraged."

CUBS MISS STEP TOWARDS LOOP LEAD IN LAST FRAME

Woody English Boots Grounder To Permit Tie Then Braves Drive In Winning Markers—Washington Stops Tribe.

NEW YORK, May 16—"Is my face red?"

That may have been the question asked today by Manager Joe McCarthy of the Chicago Cubs. For those lowly Boston Braves overhauled the Bruins yesterday and won 10 to 8, after McCarthy's team had the game in the sack. The defeat prevented the Cubs from approaching within kicking distance of the New York Giants, leading the National league.

With the score 8 to 7 in the Cub's favor, thanks to a homer by Hornsby with two on, Sheriff Blake, the fifth Chicago hurler pushed to the front, took up the cudgels in the ninth and what happened was just too bad for Blake.

Maranville walked, got to third on Sisler's single and tied it up when English booted Moore's grounder. A lone single by Welsh then galloped home two more runs. Burleigh Grimes, long a jinx for the Cubs, was taken out for a pinch hitter in the ninth and got credit for the victory, although he allowed the Bruins 14 hits. The Braves only got 11.

Washington stopped the aspiring Cleveland Indians in the only other game played. Although outthitting

their rivals 10 to 9, Sad Sam Jones of the Solons showed better judgment than Hudlin and parceled out his favors piecemeal, Washington winning 4 to 2. Sam West of the Senators got a homer and a triple. Rain swept away the Athletics-White Sox game in the fifth inning with the score tied 6 all, but it was ruled the game was not legal because of its early calling. All other games were blotted out by rain.

Rock Garden Fad Strikes Circleville

The fad for making rock gardens has hit Circleville with pleasing results. Two examples of this form of landscaping are the gardens at the home of Mr. and Mrs. Henry Mader and Mrs. Ella Hornbeck on Pinckney-st., and at the home of Mr. and Mrs. Orion King on W. High-st.

At Mrs. King's, this week, 250 varieties of iris in thousands of blooms are making a riot of color. Her rock garden is just being started but has been laid out.

At Mader's, with a background of iris and many varieties of flowers, the rock garden has been placed with genuine artistry. In the midst is a sparkling little pool with brilliant gold fish darting beneath the waters.

No doubt there are other beautiful backyard gardens and rock gardens in town, whose beauty are admired by neighbors and friends.

DOGGY WARD'S TEAM TALLIES TWENTY HITS OFF LUTHERANS

Score Is 14-5—Brotherhood Employs Two Hurlers—Red Owens Effective With Buck Hutchinson Leading Good Defense To Aid Him.

Hammering two Lutheran Brotherhood pitchers for 20 clean hits, Doggy Ward's recreation ball team snapped out of its lethargy long enough to win a weird ball game by a 15 to 5 score. The game, played at Utilities park, Thursday evening was witnessed by a large crowd.

John Walters and Roy Dumm divided mound duties for the churchmen and each was treated with an unceremonious shellacking which continued from the first inning through the eighth innings the candidate for sheriff's aggregation was permitted to step to the plate.

The five runs the Brotherhood scored came in the fourth inning after two were out.

The Brotherhood threatened several times after that but twice double plays, started by Hutchinson, ended the rallies.

BEGIN IN OPENER
The Wardmen started the ball rolling in the initial frame, when, after Butler had gone out, Hutchinson and Geib drove triples to the outfield. Only one run was scored but this frame just gave out an indication of what was to come. And it certainly did.

Three more runs in the second, and five in the third placed the game on ice. Three more tallies crossed in the fifth frame and one in each of the sixth and the eighth made the Ward quota.

Red Owens, on the hill for the Wardmen, pitched a pretty game and was very effective, although the several times that he faltered he, with a good defense behind him, pulled out in time to prevent any damage.

Four members of the Ward team, Hutchinson, Geib, Wilson and Owens, connected for three safe blows each.

Hutchinson scored a triple and two singles, Geib connected for a triple, double and single, and the other two had three one base blows.

Carl Radcliff, Brotherhood's slugging receiver, socked out a triple and two one base hits in four times at bat.

Sherd Boyer and Cuz Dumm umpired the contest.

YOUTHFUL VET TO RIDE WITH JOHN SEYMOUR

23-Year Old Boy and Former Motorcycle Speeder Paired In Race.

INDIANAPOLIS, IND.—Joe Huff, 23-year-old Indianapolis speed veteran, will team with Johnny Seymour, former motorcycle race star, on a team of two un-named cars entered by Herman N. Gauss in the International 500-mile race for \$100,000 at the Indianapolis Motor Speedway, May 30.

Huff, who despite his youth has been whirling about speed paths for eight years, had his only ride over the Indianapolis bricks in 1927 as relief driver for Jimmie Hill.

He is a tall, slender youth with the physical appearance of Westbrook Pegler, famous sports correspondent in New York whose daily stories have entertained readers throughout the middle west.

"And I'm just as vitriolic in my racing as he is in his writing," declared Huff when reminded of the similarity of appearance.

Huff, who has had most of his racing practice on half mile bull pen tracks in the middle west has several notable 100 mile race victories to his credit. He won both the 1925 and 1926 century drives in the thumb nail dirt bowl outside

of Indianapolis. He also has starred at Roby and Milwaukee.

Born in Indianapolis, Huff attended Shortridge high school.

Seymour who will carry the same stable colors as Huff is a cheerful graduate from the two wheel speed paths, over which he raced with success for many years. In other days he competed against Ralph Hepburn, motorcycle racing champion, who later turned to the way race driver. Then the two of them were competitors in races here over the Indianapolis bricks.

"Give me the four wheel ride any day," laughs Seymour in recalling the days when he whirled about motordromes on motorcycles. "At least the pilot can sit down in a race car."

Seymour is another of the drivers who believes that the new ruling demanding a riding mechanic accompany each driver in the race, a good one. "There are many times when a driver is speeding into a turn with too much maneuvering in front to permit him to take even a glance at what is going on behind," he explains, "and it is too bad to hold up a faster car. It is the clean competition that makes the race and there are few drivers who will hold up a faster car if he knows one is approaching. And with the riding mechanic constantly on the alert for overtaking cars there will be no excuse for traffic jams in the coming race. It will give the faster cars a real chance to go out there and race—and that's what the public goes to see."

Seymour and Huff will be in the wheel of front wheel drive cars.

Mrs. Ruth Yount of Chicago, is visiting her sister, Mrs. Harry E. Grove.
